**CONSENT**

I consent to the disclosure to the Director and/or his delegate, of any medical or health information relating to me which is held by a registered medical practitioner, hospital or other organisation.

I consent to government agencies including the New Zealand Transport Agency and the Ministry of Justice disclosing to the Director information about any convictions I have or current charges against me.

I consent to the Civil Aviation Authority and the Director of Civil Aviation using information about me for any reasonable purpose:

- related to this medical certificate application, and/or
- related to the powers, duties and functions of the Civil Aviation Authority and the Director of Civil Aviation.

I consent to the Civil Aviation Authority and Director disclosing this information to any person who requires such information to carry out any function authorised by law.

I understand that the Civil Aviation Authority and Director may provide relevant medical information to other international jurisdictions in the interests of aviation safety.

**ACKNOWLEDGEMENT**

I acknowledge and understand the following:

That I have obligations under the Civil Aviation Act 1990, in relation to –

1. the provision of information, for the purpose of obtaining a medical certificate. I understand that failing to comply with these obligations is an offence, and
2. advising a medical examiner or reporting to the Director if I become aware of, or suspect that there is any change in my medical condition or the existence of a previously undetected medical condition that may interfere with the safe exercise of the privileges to which my medical certificate relates, and
3. advising a medical examiner or reporting to the Director if I am charged with any alcohol or drug related offence, and
4. the making or causing to be made of any fraudulent, misleading, or intentionally false statement for the purpose of obtaining a medical certificate constitutes an offence under section 46B of the Civil Aviation Act 1990, and is subject, in the case of an individual, to imprisonment for a term not exceeding 12 months or to a fine not exceeding \$10,000, and
5. the failure to notify the Director of any change in medical condition or the existence of a previously undetected medical condition constitutes an offence under section 46C of the Civil Aviation Act 1990, and is subject, in the case of an individual, to imprisonment for a term not exceeding 12 months or to a fine not exceeding \$5,000.

I understand that if my Medical Examiner is unable to assess me as meeting the medical standards they may still seek to consider my application under the formal flexibility provisions of the legislation. If my Medical Examiner chooses that option, and I elect to proceed with the application, then I also understand that an Accredited Medical Conclusion (AMC) will be required. If that happens, I understand that:

- Work related to the AMC will be charged to me by CAA at a rate of \$284/hour (incl. GST) for all hours or part thereof over the first two hours, and that I am required to pay this;
- I can withdraw my medical certificate application at any time and will not incur any further AMC costs, but any costs (after the first two hours) incurred prior to withdrawing will remain payable;
- There can be no guarantee that an AMC will lead to the issue of a medical certificate, or an unrestricted medical certificate;
- I will be required to pay for any charges incurred on my AMC, as described above, whatever the final outcome of my medical certificate application; and
- I should not be directly charged for services relating to an AMC from anyone other than the CAA.

I have read this application form, familiarised myself with it and understand its contents, including the consent and acknowledgment in the above paragraphs. I confirm that all the information that I have entered onto this form is true and accurate in all respects:
