

# Request for *Vector* subscription for non-licensed aviation participants

The CAA is keen to deliver safety messages to everyone flying, but some aviation participants don't receive automatic entitlement to a free *Vector* subscription.

They may be holders of a Pilot/Parachutist Certificate issued by an organisation certificated under Part 149, or a model aircraft flyer. This includes drones, UAV, etc (we call them Remotely Piloted Aircraft Systems because that's the official ICAO term). Some people may themselves not fly, even though they are very involved in club activities.

If you're participating in aviation in one of these ways, the CAA can offer you a free subscription to *Vector* – simply fill in the form below, or send us the details by email – we'll give you a CAA client number, but there won't be a charge for the subscription.

**Please remember to tell us when you change address.**

Instructions:

- Do **not** complete this form if you already receive *Vector*.
- Please indicate if you have had a CAA client number in the past (for example, if you have held a Part 61 licence, or owned an aircraft) and give the number if you can.
- To help us check if you have had a CAA client number in the past, please enter all your first names, and date of birth.
- Remember to inform us if you change address.
- The completed form can be posted to: *Vector* Subscriptions, Civil Aviation Authority, PO Box 3555, Wellington 6140, or email: info@caa.govt.nz.
