Aircraft Type Ratings

Single pilot certificated aircraft, on the New Zealand civil aircraft register may be endorsed on a New Zealand licence provided the type is endorsed on the CASA licence or the applicant produces logbook evidence of having completed at least five hours as pilot in command on type (attach photocopy if applicable)..

For multi-crew aircraft that do not appear on the CASA licence, evidence the applicant has completed 500 hours pilot in command or 1000 hours as first officer on the type is acceptable to the Director (attach certified logbook totals if applicable).

Boeing 737 type ratings issued by CASA: CASA issues pilots who qualify in any variant (except 1/200 series) with command type endorsements on the Boeing 737 300 to 900 series aircraft. In the New Zealand licensing system, the Boeing 737 3/4/500 series and the 6/7/8/900 Next Generation (NG) series as well as the Max 7/8/9/10 series are treated as separate type ratings. In order to be eligible for the issue of a New Zealand type rating in Boeing 737 3/4/500 and/or 6/7/8/900 series and/or Max series aircraft, applicants who hold a CASA command type endorsement must meet the experience requirement above or have:

- Successfully completed a course of type conversion at a New Zealand approved training organisation (a list of approved organisations is available from our website under "pilots"); or
- Operational experience on the specific variant in the Australian airline environment; or
- Successfully completed a CASA approved type conversion course in Australia on the specific variant.
